Prayer for Israel

1. THE GAZA FRONT

We must thank God that nearly 200 Israeli hostages held in Gaza have returned over the past 19 months of this long conflict with Hamas. The latest was Edan Alexander, who was freed just as US President Donald Trump visited the region. But there are still 58 hostages remaining in Gaza, including up to 23 presumed alive and 35 bodies. The IDF has launched a major offensive to try to defeat Hamas and return the last hostages, while also depriving Hamas of any way to control the food supply in Gaza. Please pray these efforts will be successful: a) Hamas vanquished from Gaza, and b) the remaining hostages will finally come home. Also pray that civilians in Gaza can collect food and other aid without interference by Hamas. Pray as well that Israeli leaders will make the right decisions concerning any future ceasefires, and who will rule Gaza going forward. Pray that any Palestinians in Gaza who want to voluntarily leave for another country will be allowed to do so. Pray that the surrounding Arab leaders will reject any future for Hamas in Gaza.

2. THE HOME FRONT

Israelis are paying a high price to win this war. For instance, many IDF reserve soldiers have lost their jobs or businesses due to their many months of serving combat duty. Pray for these brave soldiers and their families as they seek to recover. Recent studies also indicate that nearly half of Israelis are suffering from traumatic stress due to the war, and the waiting list for appointments to receive psychological care is at least six months long. Please pray that there will be more trauma care services available for those who urgently need it. And pray for Israeli people to look to the Lord for the healing balm of Gilead in their lives.

3. THE INTERNATIONAL FRONT

France, Saudi Arabia and several other nations are currently spearheading an effort to unilaterally force upon Israel the establishment of a Palestinian state. They will convene an international conference at the United Nations in mid-June to take “irreversible steps and concrete decisions” concerning the imposition of a two-state solution. Please pray for these efforts to utterly fail, as it could well bring divine judgment on the nations, according to the warning of Joel chapter 2 and other key biblical passages. Pray that many nations stand alongside Israel is resisting this dangerous and unwise movement, which would be an unjust reward for Palestinian terrorism. Pray that more Arab and Muslim nations will normalise relations with Israel under the Abraham Accords without first requiring the establishment of a Palestinian state. Meanwhile, several countries are considering to open national embassies in Jerusalem, including Fiji, Czech Republic, Malawi and

Ecuador. Please pray that these nations and many more will open embassies in Jerusalem to honour the city and thereby align with God's prophetic and redemptive purposes over Israel.

4. THE IRAN FRONT

The Trump administration has now held at least five rounds of talks with Iran over its renegade nuclear program. Some reports say progress has been made in the negotiations, but the US and Iran both insist wide gaps still remain, especially on whether Iran can continue to enrich its own uranium. Pray that Israel and the US will prevent Iran from ever developing nuclear weapons to threaten Israel. Pray that these negotiations will lead to the complete dismantling of Iran's uranium enrichment program and its ballistic missile production. Pray that Iran will not be able to harm Israel or Jewish communities abroad. Pray that the radical Islamic regime in Tehran will be driven from power by its own people.

Thank you for joining with us in prayer!
